Parenting with Confidence

Kellerberrin
Community Resource Centre

Government of Western Australia
Department of Health
WA Country Health Service

The Kellerberrin Community Resource Centre has joined with Ngala and Child Health and the Kellerberrin Early Years Reference Group (KEYRG) to provide the families of Kellerberrin with an opportunity to attend
Parent Education Workshops

Building Young Children's Brains (0-6 years)

This workshop combines the latest evidence-based information on early brain development and explores the importance of growth and development of a child during the first 6 years of life. This workshop will enable you to reflect and gain knowledge by immersing yourself in your child's world as their brain makes millions of new connections every day.

Date:
Thursday
20 October 2011

Time:
9.30am to 11.30am

Venue:
94-96 Massingham St
Kellerberrin
