

Ngala

Parenting with Confidence

Government of Western Australia
Department of Health
WA Country Health Service

The Merredin Community Resource Centre has joined with Ngala and Child Health to provide the families of Merredin with an opportunity to attend Parent Education Workshops

Brain Development and Behaviour (1-5 years)

This workshop combines the latest evidence-based information on early brain development and explores the importance of growth and development of a child during the first 5 years of life. This workshop will enable you to reflect and gain knowledge by immersing yourself in your child's world as their brain makes millions of new connections every day.

Date:
Thursday
2 February 2012

Time:
6.30pm to 8.30pm

Venue:
108 Barrack Street
Merredin
